| 32 | I would like to see more promotion to clients. I aim to let as many clients know to encourage them to come along, but if I didn't tell them they wouldn't know. | 44 | This survey has no place to make "other" comments. The roadshow is great but the time of year that it runs is not ideal for therapists. Most companies close down over the Xmas/NY period leaving therapists and clients waiting for product, then to have companies/ reps away for 2 weeks with the roadshow. Perhaps a change of dates to middle of the year maybe better suited | 3/27/2017 11:48 AM |
